THE GLORY OF GOD.

By Uriah H. Judah, Esq.

"If in the field I meet a smiling flower,
Methinks it whispers 'God created me,'
And I to Him devote my little hour,
In lonely sweetness and humility."

The dazzling brightness of the stars, as

they sparkle in the heavens,—the moon, in

peerless splendor, as she reflects o'er the

earth her brilliant rays,—and the sun, in

magnificence and power, as he pours his

golden light in the first bright freshness of

the rising day,—admirably attest the glory

of God.

"And publish to every land;
The work of an Almighty hand."

The Glory of God! Look abroad upon

the animated face of nature—view, the joy-

ful scene around, and mark the impress of

nature upon all that meets your longing eye;

the spirit of the Grand Supreme hovers o'er

the land of the free and the brave, and mov-

eth upon the surface of the mighty deep.

"Thine God forever art the same,
I AM Isthme unchanging name."

The Glory of God! Behold it in the

mid expanse of a summer's eve, as heaven's

brightest glory reclines in the transcendent

beauty of the scene around—in the uncloud-

ed splendor of the sky—in the pleasing

melody of the sweet bursts of song—in the

harmony of the air—in the lovely flowers,

as they fling upon the gentle breeze their

richest perfume—in the rivulets, as they

leap on their course—in the glowing loveli-

ness and unmasked beauty of nature.

The Glory of God! Oft, when ploughing

the mighty deep, I have beheld it in the

placid rippling of the wave—in the vehem-

ent fury of the tempest—in the loud-sound-

ing bursts of thunder, amid vivid flashes

of lightning,—ye! at a time—when they

pictured to my imagination the jewellery of

the ocean as my tomb, and for my dirge,

the eternal music of its roar. Then again,

I have witnessed it in the abatement of the

storm—in the matchless beauty and cloud-

less majesty of the queen of the night, and

in the tranquility of the wind.

"Now glowed the firmament
With living sapphires: Heavens that led
The starry hosts, rose brightest, till the moon,
Rising in cloudless majesty, at length
Apparent queen, unveiled her peerless light,
And o'er the dark her silver mantle threw."

THE GLORY OF GOD.

By Uriah H. Judah, Esq.

"If in the field I meet a smiling flower,
Methinks it whispers 'God created me,'
And I to Him devote my little hour,
In lonely sweetest and humility."

The dazzling brightness of the stars, as they sparkle in the heavens,—the moon, in peerless splendor, as she reflects o'er the earth her brilliant rays,—and the sun, in magnificence and power, as he pours his golden light in the first bright freshness of the rising day,—admirably attest the glory of God.

"And pious to every land,
The work of an Almighty hand."

The Glory of God! Look abroad upon the animated face of nature—view the joyful scene around, and mark the impress of glory upon all that meets your longing eye; the spirit of the Grand Supreme hovers o'er the land of the free and the brave, and moveth upon the surface of the mighty deep.

"Thou God forever art the same,
I AM in thine unchanging name."

The Glory of God! Behold it in the mild sunset of a summer's eve, as heaven's brightest glory reclines in the transcendent beauty of the scene around—in the unclouded splendor of the sky—in the pleasing melody of the sweet bursts of song—in the harmony of the air—in the lovely flowers, as they fling upon the gentle breeze their richest perfume—in the rivulets, as they leap on their course—in the glowing loveliness and unmarked beauty of nature.

The Glory of God! Oft, when ploughing the mighty deep, I have beheld it in the placid rippling of the wave—in the vehement fury of the tempest—in the loud-sounding bursts of thunder, amid vivid flashes of lightning—yet all a time when every picture to my imagination the jewelry of the ocean as my tomb, and for my dirge, the eternal music of its roar. Then again, I have witnessed it in the abatement of the storm—in the matchless beauty and cloudless majesty of the queen of the night, and in the tranquility of the wind.

Now glowed the firmament
With living apparatus: Heavens that led
The sunny hosts, new brightest, till the moon,
Rising in cloudless majesty, at length
Apparent queen, unveiled her peerless light,
And o'er the dark her silver mantle threw."

THE STUPIDEST ANIMAL IN THE WORLD.—A crowd about a tavern door was busy discussing what animal of all others was the most stupid.

Some contended that a hog was the most stupid, some a yoke of oxen. A Dutchman, who had very gravely listened to the conversation, gave his experienced opinion.—"The mule, to hog and ox, is very stubborn, but to hen is the stubbornest animal in the world. I had you and I wanted to hatch some eggs. I made you fine little nests and put them in it, and she sits up and runs away. I den makes another little nest, and puts her in it, and she runs away again. I den makes you nice little box and puts it all over to den, and for all de trouble and I have, you I peeped under to see box, to den was sitting standing."

THE first President in America, was elected in 1789 by Wm. Penn, who appointed Henry Wm. of Seaford, Postmaster, to provide to supply passengers with horses from Philadelphia to New Castle, on the line of the Delaware. A man was hired, a vessel and his movements were regulated to the meeting house door and there paid a price.

THE DAILY NEWS.

Newport:

MONDAY, DECEMBER 23, 1847.

BY G. F. JACKSON, 97-THAMES ST.

Poverty.—Much has been said and sung in all ages of the world, of the blessings of poverty. To our mind, there is not a more unjust phrase in the English language, than the above quoted. *Hessings, forsooth!* Is it a blessing to him who lies upon a bed of pain, surrounded by a family dependent upon his daily labor for subsistence, and in the deprivation of that labor; suffering for the comforts, yet the very necessities of life? Is poverty a blessing to him who is compelled to labor from early morn to dewy eve, over-tasking his physical powers, without one bright gleam in the future? Is poverty a blessing to him who has high and holy aspirations after knowledge, but whom stern necessity compels to toil on and toil even until worn out, he is thrown upon the charities of a selfish world?—“It is not ignorance but a great inconvenience to be poor” is a phrase often used. In the present state of society with the sympathy or wealth and the contempt of poverty it is a disgrace, it is a moral and physical evil. The poor man's moral influence is a deadly weight, and he is wronged by society in consequence of the absence of the moral influence designed for him by his creator.

Poverty is one of the greatest curses which can befall a nation, or people,—it is the greatest cause in existence of vice, crime, and ignorance. “total depravity” to the ordinary, notwithstanding. It is beautiful to read of the “blessings of poverty” from the pages of such sages as Socrates and Seneca, who abounded in wealth, which might have put an Astor to the blush in comparison, and it is from such men as these that we are taught these “blessings.” Mr. Astor once made a remark which savors much of good sense. In conversation with a gentleman in reference to riches, he remarked that a man who was worth five hundred thousand dollars, was just as well off as a rich man.

There are hundreds of proverbs and maxims which seem to be venerated for antiquities sake, (like the Irishman's knife, which had had four new blades and five new blades,) which it would be well for the world to discard, as they are not founded in truth. There are thousands, who, could they but enjoy a fair share of the blessings of the rich (which they too often squander in folly,) might become bright and shining lights in the world, and their influence and example be felt to remote generations.—Poverty is an evil, ever standing between its victims and the common comforts of life, and in this respect is pregnant with sorrow and pain.

We commiserate its existence; it closes the access to every elegant enjoyment, and binds down the soul to the meaner cares and anxieties of life; it cramps the soul, subdues the thought, and narrows down the aspirations of genius to a hopeless dependency.

COURT OF COMMON PLEAS.—In the case of *Wm. A. Chester vs. Edward Almy*, reported in the *News* of Saturday, the jury found a verdict for plaintiff of fifty dollars and costs.

Complaint State vs. Job Tripp. This was a complaint of Amy Kirby, of Little Compton, against the defendant, for a violent assault upon her by throwing several pails of water on her, and in other ways by dragging her to the road, &c.

The jury rendered a verdict of Guilty, without leaving their seats.

H. Y. Cranston and C. G. Perry for the complainant; D. J. Pearce for defendant.

Job Tripp vs. Amy Kirby. This was an assize for alleged trespass, involving the right of way through an estate owned by the parties. In the midst of this case the Court adjourned to 9 o'clock this morning.

D. J. Pearce for plaintiff; W. P. Sheffield for defendant.

The funeral of Major James M. Tuell will take place at half past 2 o'clock this afternoon at his late residence, and will be conducted by the Rev. Mr. Conant. The funeral will be held in the presence of a large number of friends, and the remains will be interred in the cemetery at Newport.

RARE CURIOSITY.—Additions are being made to Ruler's cabinet of Curiosities very fast, and we expect, at no distant day, that it will rival the American Museum. Another curiosity was added to it on Saturday, said to have been taken from a Cabinet collected by Santa Anna's grand-mother, which fact enhances the value of it very much. We have been permitted to publish the following letter, which accompanied this curiosity, and which gives a full history of it:—

New York, Dec. 16, 1847.

FRIEND RULER:—I send you a “Daily News” which you are collecting a Cabinet of Curiosities. I have it in my power to add to the same a valuable, though very antiquated specimen of the trunk of the “Sweet blood-ed Fig-tree.” I send you about half of the piece, which I obtained through a friend of mine who is now with Gen. Scott's army in Mexico, and from his love of curiosities and antiques, with the facilities which he possesses for obtaining them, I am frequently in the receipt of many curious productions, which the lovers of mystery and superstition consider valuable. This, he assures me, was taken from a Cabinet of curiosities collected by the grand-mother of Gen. Santa Anna, which was found at his Hacienda near the City of Mexico, labelled as follows:—

“A portion of the trunk of a ‘Lucor Narboder,’ or sweet-blooded Fig-tree, (with the bark off,) from the garden of the Sultan at Constantinople, showing its appearance after being tapped and bled by the Caracanian slaves for the purpose of extracting the blood or gum from which is manufactured the celebrated Lucor, or Fig-paste, so highly esteemed by the Turks as a remedy for coughs and colds.”

Very truly yours, E. S.

A severe storm prevailed in New York on Thursday night and Friday. The Governor left New York on Thursday afternoon, together with the Stonington and Norwich boats, at their usual hour, and after being out all night, returned to the city the next forenoon, on account of the boisterousness of the sea. They started again Friday evening, and the Governor arrived here Saturday morning, at half past 5 o'clock.

A telegraphic despatch published in the Boston papers of Saturday says that the water in the Ohio river was still rising on Thursday.

In Cincinnati the flood raged to an unparalleled extent, and occasioned great and extensive damage.

Marietta, Ohio, and Parkersburg, Va., are entirely inundated.

EXTRAORDINARY INTERPRET OF THE AMERICANS AT CHEROKEE.—While the cavalry were passing in front of the enemy in order to charge the column of lancers they were not under the fire more than ten seconds, and during that time they sustained a loss of 5 officers wounded, 32 privates killed and wounded, and a loss of 105 horses. There were but two officers that did not have their horses shot under them; but there is one thing very remarkable, that the horses from which the riders had been shot, wheeled and moved with the same regularity as though they had been mounted until they came to halt from the charge, when they all kept on in a body in the direction of the enemy.

An effort is being made to induce George to purchase Mount Vernon from the present proprietor, Mrs. Jane Washington, who has signified her willingness to dispose of one hundred and fifty acres of the estate, including the buildings, grounds and tomb of the “Father of his Country,” to the Government on certain conditions, for the sum of \$150,000.

BITE OF A RATTLE SNAKE.—Dr. Lee, of Hartford, Ct., who has practised extensively at the South, states that he has treated five cases of rattle snake bite, and all of them successfully. His remedy is alcoholic liquor—either rum, gin, or brandy—given in large doses. A half pint every fifteen minutes, making a quart in an hour, is not too much to be given as soon as possible after the bite. This remedy has been used at the South in a great extent, and has never been known to fail of a cure. The bite of a rattle snake is a deadly and painful one, and the victim is often in great agony before the poison is removed from the system.

Thirtieth Congress—First Session.

SENATE.—Not in session.
HOUSE.—Friday.—The House resumed the consideration of the special Message, and further debate on the subject was postponed until to-morrow.
The Committee on the Judiciary reported a bill to the House to amend the Act regulating the appellate jurisdiction of the Supreme Court in certain cases.
The bill was read twice and passed to a third reading.

Mr. Mead of Virginia, announced the death of his predecessor, Mr. Dromgoole, the former able and eloquent member of the House.

Mr. Mead delivered an affecting and eloquent address, and on his motion the usual resolutions were passed.

The House then adjourned.

FROM SANTA FE.—Dates from Santa Fe have been received to the 30th of October. Fifteen hundred American troops, with twelve pieces of artillery, were proceeding against Chihuahua.

“Old Whisky.” Zack's famous war horse, came near losing his mane and tail, on the 4th, at New Orleans, so eager were the crowd to get some mementos of the General. He shed his hair so fast that they had to call the assistance of a rear guard.

NEW HAVEN, DEC. 16.—About 10 o'clock last night six Irishmen broke into the house of Anson Baldwin, in North Branford, about eight miles from this city, robbed it of \$75 in money, then tied the inmates, an old man and woman, to the bed-post, and set fire to the house in several places. Two of the rascals were arrested and lodged in jail; the others are yet at large.

WHO'LL MOVE TO BROOKLYN?—Read, before you answer, “I will.” The Star of that city tells us upon “unquestioned” authority, that Francis Kinney, now residing at the corner of Bridge and Johnson streets, in that city, married his wife Mary when she was 14 and he 16 years of age. When she was 15 she had her first child; at 17 she had two additional children; at 18 three more; at 20 she had four; at 21 she had three, and at 22 years she had two, which are now a few weeks old—making 15 children in 8 years.

It is estimated that the expenses for holding the Fremont Court Martial will exceed \$50,000.

COL. RANSOM.—The Legislature of Vermont have passed a series of patriotic resolutions, testifying their appreciation of his noble qualities, and mourning for his early death. The Governor is to procure a sword, which is to be presented to the son of the deceased, a cadet at West Point.

THE BIBLE SOCIETY.—Some of our contemporaries have stated, that the Bible Society has been compelled to suspend operations for a time, in consequence of the want of funds, so that over three hundred young women are thus deprived of work!—The Journal of Commerce, however, corrects the matter thus:—

“Last summer and fall, prior to the close of navigation, the demands on the Society for Bibles were so great that it was necessitated to employ, in addition to its regular force, about 42 more girls, and now that the pressing demand has ceased, they are discharged. That's all.”

Cassius M. Clay, with several other officers returned from Mexico, arrived at Louisville, Ky., on the 5th inst., and left for Frankfort, on his way home. A meeting was held in Lexington on the 9th, to prepare for giving him a public reception.

CINCINNATI, DEC. 16.—The river remains at a great height. The freshet has been a tremendous one, causing immense distress to a great number of the inhabitants, with an unprecedented destruction of property. A retrograde movement, however, is about commencing.

Gen. Taylor, it is said, will visit New York this winter.

PHILADELPHIA, DEC. 15.—There were two heavy failures here to day in the grocery trade. Some five or six country banks were reported broken.

John C. G. of Princeton, lost \$100 last September in Worcester. The money has been restored by a priest, who received it from an Irishman at confession.

MADAM RESELL.—This individual was brought into Court by the Sheriff, yesterday for the purpose of being arraigned on an indictment charging her with having produced an abortion also upon the person of Ann Maria Hall of Schenectady, in the month of September, 1846. The accused, through her Counsel, James T. Brady, Esq., stated that she was ready to plead to the indictment. She was therefore remanded to the custody of the Sheriff.—N. Y. Tribune.

STRANGE GIBLETS.—On Sunday last the members of Major Gallay's battalion invited General Taylor to the annual dinner, given in commemoration of the Feast of St. Barbe, the patron saint of artilleryists; but as the time for the General's departure was fixed for nine o'clock, it was impossible for him to attend. The officers and members of the battalion, however, were determined that the “Old Hero” should not leave without receiving some testimonial of respect. Accordingly, on Sunday morning last, they sent Gen. Taylor a huge pasteboard turkey done brown. When the artificial fowl was opened, to the astonishment of all it was found to contain a magnificent pair of gold epaulettes and a sash of the easiest description! These were presented by the officers and members of the battalion, in token of their veneration and esteem for the honored chief, who has so nobly filled his part in the battles against the foe.—N. O. Delta.

The widows of three of the signers of the Declaration of Independence are still alive.—Mrs. Benjamin Rush, in Philadelphia; Mrs. Judge Chase, in Baltimore, and Mrs. Eldridge Gerry, in New Haven, Ct.

Thirty-four heads in the slaughtering establishment of Messrs. Hand & Pattison, at Cincinnati, killed and dressed, in three successive days last week, 3,124 hogs.

100,000 barrels of flour and 100,000 bushels of corn are stated to be engaged for immediate loading at Boston.

[Extract of a letter from Dr. Williams of Vt.] Gentleman—I will thank you to send me two dozen more of your Sarsaparilla and Tomato Bitters. I have used it with great success in four cases of dyspepsia, curing each of them in an almost incredible short time; likewise one case of scrofulous humor and one of jaundice. I consider it a valuable compound, and must say I have used it with the happiest effects. Should like to have it as soon as convenient. One of the cases of dyspepsia was a gentleman who had suffered a long time, and had been to the Springs for two seasons.

A. Boyden, Esq. of Cambridge, cured of the dyspepsia of a year standing, after trying a hundred remedies without the least effect. For sale by R. J. TAYLOR.

Sore throats, cough, consumption, pains in various parts of the body, and other unpleasant symptoms, are the usual effect of catching cold. Foul's Indian Vegetable Pills are a delightful medicine for carrying off a cold, because they purge from the body all morbid and corrupt humors in so easy and natural a manner, that the body is relieved of all suffering as if by magic. From three to six of said Indian Vegetable Pills, taken every night on going to bed, will, in a short time, make a perfect cure of the most obstinate cold—at the same time the blood and other fluids will be thoroughly purified, and the constitution so completely invigorated, that the body will be restored to sounder health than before.

Beware of SUGAR COATED CORN-FLAKES.—Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box. The genuine are for sale by C. G. G. HAZARD, No. 89 Thames-st., Sole Agent for Newport; and by Nathan Dennis, Portsmouth; Scabery & Alby, Tiverton Bridge; Arnold Smith, Tiverton; Four Corners; H. F. Brown, Little Compton; W. A. Brown, Adamsville. Wholesale at the New England Office, 124 Tremont-st., Boston.

Scrofulous Sarsaparilla.—The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.

First Postoffice, Vt., Aug. 10, 1846. Messrs. Sands: In the spring of '41 I had the typhus fever, with which I suffered the most intense pain, and when I recovered from that, I was attacked with a spinal complaint and inflamed sore throat. This continued till June, '43, when my throat and lungs ulcerated, attended with a severe cough, and my face was covered with scrofulous sores. I cannot describe what I suffered for five years, three of which I was confined to my bed. During this time I received no benefits from the prescriptions of the various physicians, and had nearly given up all hope of ever being any better. At this time I was induced to try your Sarsaparilla, from the many remarkable cures it had performed, and strange as it may appear, the first bottle effected a sensible change. By continuing its use my health has so much improved that I can now not only sit up, but walk; and I fully believe, with the blessing of Providence, that it will effect a perfect cure. Yours, very truly, ADELINA STANLEY.

Prepared and sold by A. B. & D. SANDS, Druggists, 100 Fulton St. N. Y. Sold also by Dr. R. R. Hazard and R. J. Taylor, for Newport, by J. Russell, Fall River, by C. Dyer, for sale by R. J. TAYLOR.

To enable mankind to live in Old Age without Disease.—The public may not be aware that the Rev. B. Hubbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No one can foresee the moment when they or their children may be attacked. Diseases come like a thief in the night, and in the case of old age, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. The great and only Successful Remedy for the cure of Consumption,

IS DR. W. VANDERBEEK'S INDIAN COUGH CURE, AND LUNG BALM.

Prepared by the Proprietor, Dr. W. Vanderbeek.

White Plains, April 20, 1847.

This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton. My throat was very much ulcerated. I had laryngitis applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willard, whose lungs had been affected for two years past, was cured by Dr. Vanderbeek's Medicine. He insisted upon my trying Dr. V.'s, and I did so. After I had used his medicine six days, I expected large quantities of yellow frothy matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend, EDWARD C. THOMPSON.

Sworn before me this 21st day of April, 1847.

Indorsement of the Lungs.

New York, June 10, 1847.

Dr. Vanderbeek:—I have been subject to a cough, pain in the chest, difficulty of breathing, etc., for many years past. About four months ago I was unable to attend to my business during the day. I would have dreadful coughing fits, and I thought it was impossible for me to live unless I could get relief. The excessive coughing had reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact I could give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. Vanderbeek's Indian Cough Cure and Lung Balm. I consented; when I used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and I feel that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. Vanderbeek's invaluable medicine, that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but what is just, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased to do any time to converse with the afflicted who call upon me. Your grateful patient and friend, JAMES B. HENDERSON.

No. 703 Washington street.

Sworn before me this 10th day of June, 1847.

Consumption.

Staten Island, June 10, 1847.

Dear Sir:—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I raised a half-pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. J. H. H. of Philadelphia, to use a Breathing Tube. I purchased one, I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed. I was difficult for persons to understand me. I saw Dr. Vanderbeek's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles. I received great benefit from that, which induced me to purchase a dozen bottles. I took according to the directions, and I feel cured perfectly sound.

Yours &c. ROBERT WILLSEY.

Sworn before me this 10th day of June, 1847.

Hyder's Pills.

The American Improved Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE.

This medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, but the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple and to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, *wholly upon its own merits*, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has necessarily compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand mere assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.
